Sewing by Machinery.

The Journeymen Tailors, Operators and Employers, and all others interested in Sewing of any description

SEWING Machines have been made to rival each other; Many inventors have spent years of time and thousands of dollars in attempting to produce a machine that would supersede the necessity of hand sewing, but all have failed, until the

SINGER MACHINES

Delivered to the Subscriber, Sept. 1st, 1850, have been manufactured by Singer & Clark, No. 149 Fulton street, New York, and are now in operation at the Bangor House, Boston. These machines are offered to the public for the first time, and are warranted to perform as much work in a given time, and in a more perfect manner than any other machine in use. They will stitch, hem, fell, tuck, quilt, bind, cord, gather and sew on to the work at one operation, in a manner superior to any hand sewing, and will execute every description of plain and ornamental needle work, from the finest cambric to the coarsest description of sail cloth, with a degree of perfection, rapidity and ease, that will astonish every beholder. The cost is trifling in comparison with the benefits derived from their use. Every machine is warranted for three years, and kept in repair free of charge. Instructions will be given gratuitously to purchasers, at the Office, No. 7 Main Street, Bangor, where the machines may be seen in operation, and where all orders will be promptly attended to.

All letters must be post paid and addressed to SINGER & CLARK, 149 Fulton Street, New York.

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON

No. 22 State Street, Boston

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office in accordance with the 10th Sec. of Act of 27 ——

Having relinquished the Agency of the transaction of business at the Patent Office with a view to devote himself to the practice of Patent Law and procuring Patents, he now offers his services to inventors in the United States and Europe.

Persons who have made inventions and wish to secure the benefit of the same by Patent, can have the necessary Drawings and Specifications prepared and the Patent secured, on the most reasonable terms, and in the shortest time.

Persons who have made inventions and wish to ascertain whether they are new, can have a search made at the Patent Office, and be informed in regard to the same, by sending a model or description, with a fee of $5

Mercantile Spies

The Portland Argus treats upon the subject of Mercantile Spies in a regular system of secret mercantile agencies, to investigate and report the affairs of merchants in the different cities and towns of the State to an assistant or of mercantile in the principal cities as a some what novel matter of it is unknown in Maine.

The remarks of the Argus were drawn out by a circular recently had in New York of a person in the employment of one of these confidential men of merchants, for having put the following in the book of the Exhibition

Taylor Hide and Muzzlock.—This concern does not seem to thrive here (at Columbus) Mr is capable in some respects but he not a successful manager. He is remarkably systematic and particular in details and a superior office clerk, but lacks the other and more essential pre requisites of a good travelling H is rather a negative character, and Taylor resides in New York, and sends out a desirable and ill sorted stock He was formerly with Berl & Co and I am told he is an unprincipled character

The damages are laid at $1000

The subject of this secret agency has several times been made a subject of inquiry and discussion in the newspapers of this State and the conclusion of many minds is that by t honorable honest and capable men, have b made to bite the dust and to fall in their business This result has grown out of the want of competency honesty and disinterestedness on the part of the agents employed or to of the pen ing a star or an asterisk or by stating a half truth sufficient to give a false impression, could accommodate to themselves a profitable job in winding up in a course of [illegible] but less

It is easy to see how this could be done The system is liable to this abuse An association is formed in Boston—few of the Orders in Boston—either of the Dry Goods Dealers Hardware Dealers, &c They employ an agent in every principal city and town in the country to keep this agent informed of the opinion of these agents of the standing character, capacities &c of each trader in these several places These opinions of the agents are open for the inspection of every member of the Inquisition in Boston or New York Now it is generally believed and it is doubtless the fact, that the fees for the services performed by these agents in those which come through the business of bringing to trial at the victims marked for destruction

As against the opinion of the Argus that there is no such espionage in Maine we assert in formed that such a age does exist in all the cities and principal towns in Maine, and could those exposed to the watchful eyes and prejudiced vows and gossipping pens of these agents get a glimpse of the record at head quarters there would be no excitement of no little warmth. Indeed something of the kind may yet come out through the frequent charges that are being made in country and city merchants, and similar trials to that in New York may be one of [illegible]

Railroad Mass Meeting

The great mass meeting for a railroad up the river which was first called to be held in this city on the 22d inst has been postponed to Monday the 26th inst as a better day in the week for the accommodation of delegates from the country This change is in fact to be important to the interests of Bangor and it is believed by many that the enterprise and capital of Bangor should be summoned to exhibit on behalf of this work in preference to any other Others say that the effort justifies to extend a road up the river will do it, for a time at least to Orono or Stillwater on the road to Waterville. We had supposed that there was railroad interest enough west to secure the completion of the road from Waterville to this city without calling for much of Bangor capital, but we are told that Bangor must take hold of the stock in order to ensure the construction of the road

We trust that the mass meeting to be held on the 26th will be large, and that the whole subject of railroads as connected with the welfare of the Penobscot, will be fully and freely and ably discussed so that all may know what is best to do and be prepared to take old and do it,

☞ The Waterville Mail states that Mr Curtis of Boxford Mass has recently been on a hunting expedition along the lakes and in the forests of Maine and in company with two Indians while he hired, took 49 deer, 3 moose, 3 bears, and about 200 partridges The entire weight was 5,000 lbs This is the result of 4 weeks hunting. This game was transported through the city to Waterville and the deer conveyed over the railroad to Ipswich, whence it will be easily taken to Mr Curtis's home where he will thaw and dress it nicely for the market Mr Curtis has been engaged in this business for a number of years and he is always sure to give his customers a few nice cuts of the moose stakes like every sensible man especially as there are no editors in that quiet old town

Mexican News

The New Orleans papers contain the details of the news from Mexico.—The Northern States are still infested by Indians in Durango a large amount of property has been captured by them, and many of the inhabitants murdered

The Vera Cruz papers are advocating a remonstrance against Great Britain relative to their encroachments at Balize in erecting fortifications and claiming jurisdiction over that territory.

The Commercio announces that from Jan 1st San Juan, Nicaragua, was to be a free port.

POST OFFICE OPERATIONS The following new Post Offices have been established by the Post Master General:—at North Sedgwick, Hancock Co., Me; Ephraim Closson, Postmaster

Changes North Sedgwick, Hancock Co., Me, name changed to West Sedgwick, East Eden, Hancock Co., Me., name changed to Salisbury Cove.

News from the Salt Lakes

The St Louis Union has the following late intelligence from the Great Salt Lake from a merchant, Mr Monroe who arrived in St Louis on the 1st inst.—

Mr Monroe left the Salt Lake on the 1st December with two men On the [illegible] he found ten feet of snow and three feet in the valleys to Bear River. The route to South Pass there was very little and he found no difficulty in passing On leaving there, however, he found the snow falling and deepening very rapidly Sioux and Crow Indians were on the route, and Cheyennes on the South Fork, begging, but were [illegible] occurred.

The Pawnees were hunting on the north side of the river. At Bridger, Mr Monroe left the Salt Lake Mail, when he sent the two men back, and went on with the mail to Fort Kearney. The mail left Independence on the 1st of September, arrived at Salt Lake on the 22d of November, and had left again for the States in two days afterward. At Fort Monroe Mr Monroe finding time too slow to join the caravans being broken down purchased a good [illegible] and, notwithstanding the deep snow, came alone to Platte Creek making the distance in one hundred and four days and four hours—We point out this to show what can be done by energy.

Those who left here last May had very bad success in having large number of horses and mules The excessive heavy fall of the winter set in so early and so severe that they have not been able to have new contracts executed to us to any extent, but we look for a good supply of [illegible] upon the next departure.

At the Salt Lake everything was reported as going on prosperously. The general health was very good [illegible] and the weather mild in the extreme. Gen Kane and his company all left Kanesville, there from the gold mines from the one gold dust but not so much as was expected. Their accounts from the diggings were unfavorable Grain is very abundant at the Lake.—1,000 bushels of wheat have been placed there this past year [illegible] with the present crop will afford an abundant supply of both, but it is the design to encourage farmers from Carson's Valley to [illegible]

Mr Monroe says Rose and Sand are [illegible] everything necessary for the supply of the spring and summer emigration to Oregon South Pass and Green River.

A band of [illegible] from Los Angeles colored men, Little Salt Lake about 300 miles south of the city, and a large company have been sent out to form a settlement there

The scarcity of money is severely felt in consequence of the merchandise taking it away

Mr Monroe describes the prosperous condition of Salt Lake City and general industry there as remarkable. Two or three saw mills and as many grist mills are already in active operation and a woolen factory and brewery are now in the course of erection

A dog, showing every sign of madness, foaming and going, with his teeth rushed into the workshop and [illegible] room of the Iron Foundry of Messrs Estes & Whittemore on Saturday, and [illegible] early drove every man from the rooms before he could be despatched His first appearance was so unusual and forbidding as to cause an instantaneous idea of danger, and his paroxysms were so violent as to demand the greatest caution to keep from being bitten by him.

☞ The New York Sun announces the arrival in that city of a large quantity of *jewelry and trinkets, collected by the ladies of Cuba*, and sent by them to the Cuban Junta in that city to aid in bringing arms and ammunition for the liberation of their oppressed country

☞ The 23d part of the Dictionary of Mechanics, Engineering and Engineering now in the course of publication by Messrs. Appleton & Co., New York, is [illegible] and valuable standard work [illegible] at [illegible] Duren & Co.

A fire [illegible] afternoon of [illegible] was [illegible] commissioner to Go [illegible] ubbard to [illegible] regret [illegible] sent [illegible] State at the [illegible]

Prof Agassiz of C[illegible] was at Key West on the 23d ult. [illegible] ged in examining the coral reefs

☞ Messrs E. [illegible] & Co have received the February number of the Mother's Magazine and Family [illegible]

☞ We have received from Mrs. Whittlesey's Dressmakers Monthly a number of Messrs. [illegible] February number for Mothers and Daughters [illegible] at the Bookstore

Railroad Meeting at Lincoln.

At the hour designated in the call some two hundred of our most influential citizens assembled in the Town Hall. The meeting was called to order by J Burnham Esq on whose motion Hon Asa Smith was chosen chairman

On motion A G Randall was chosen Secretary The following towns were represented,

Lincoln Lee, Springfield, Carroll, Enfield Patten, Mattawamkeag, Houlton Chester Mc[illegible] Junkue and Howland

Col Hodgdon of Houlton not being able to remain during the afternoon was introduced to the meeting and spoke about an hour

Hymns &c were appropriate and well received.

On motion Hon J Burnham, Hon Ira Fish, Dr L W Bacon John Irgat, Jr, C J Lay Samuel Chesley Col S Wright were chosen a committee on Resolutions. Adjourned to meet at 2 o'clock P M

Afternoon Met agreeable to adjournment Voted to send twenty five delegates from the town of Lincoln to attend the Mass Meeting to be held at Bangor on the 26th inst.

The following persons were chosen as delegates, viz

Hon Asa Smith Timothy Fuller John Tebbets Burnham A G Randall Peleg Jones Hon Wm R Hersey Isaac Hodsdon Richard Talbot, Dr S Plumley Allen Crane John S Merrill Richmond Hayward, Joseph White Thomas W Sanford H Dr Elias Lombard Carpenter Clark Hummer Dr S M Wilson Joseph Hammond David Lebo Wm Reed, A W Hartress Solon Gates, D W Orcutt R F Adkins.

Voted that each Town represented have the right to select delegates here to attend said Mass Meeting in Bangor instead of those appointed on the preliminary assemblies

Voted to adjourn sine die

Hon Lee—A H Gerrish H C Field P C Wellington John Douglas Edward Bowler L W Bacon Shepard Bear Abel Gatchell, Benjamin Bradford, Abel Cushman

Springfield—James Butterfield Burl H Sedgwick Thos G Bucknam A D Clark, Samuel Wood Isaac Lovell Z Bailey Daniel Lothrop.

Patten—Joshua Grindle, E G Stetson Hon Ira Hall Horace Miles

Chesley—Samuel Chesley, A J Reed D Bradbury Wm Hall J Shaw Jr Wyman Matthewamkeag, Me—Cyrus Hall S W Dole Seth S Wheeler Allen Haynes

Enfield—John Trout Dr John S Patten Josiah Clark San el Nash

Passadumkeag—A P Kelley G A Smith Jacob Bassett Dr S H L Clark N Jones Aaron Hayes J B Clewley and

Howland—Col Wm S Lee Wm R Miller John Harley Ware Lucore, J P Baker

Houlton—Col John Hodgdon Hon S Garey Jesse Moulton Timothy Fuller Dr French Ira Bailey

Molunkus, Me—H Craabery J Libbey A M Grant

The Chairman received communications from Hon Stephen Garey and Hon J Washburn Jr which were read

The communications received were ordered to be reported with the following by J Burnham Esq their chairman

Resolved That the building of a Railroad from Bangor up the Penobscot River to the lands must be a work of great importance to the State and is called for by the interests of Bangor and the River

Resolved That while the day of [illegible] of this interest is the pinch in this Road we will be good paying stock, if the same were immediately [illegible] as far as the line of the Mattawamkeag will be extended as it eventually will be to the valley of the Aroostook and St John it will receive the whole business of that extensive territory and must be a good paying stock among its New England [illegible]

Resolved That we hail the starting of this enterprise as a harbinger of good to the East and will use our utmost exertions to carry it forward to a successful completion

These resolutions were taken up separately for discussion

Mr Randall moved to amend the first resolution by striking out the words from Bangor

The question was opposed by Mr Burnham After a considerable discussion the resolution was adopted as it stands

The second and third resolutions were adopted without discussion

Mr Randall offered the following preamble and resolution which were also discussed and adopted viz

Whereas a Railroad up the Penobscot river from Old Town or Milford to Lincoln will be of six according to such a road as actually has been into the interior as to connect with the road now building from the city to Dixfield or with the shore road now under contemplation from Bangor to Milford should the same be constructed as may be deemed most practicable and be of vast importance to the Agricultural Mechanical Manufacturing Mercantile and Lumbering interests of the whole northern portion of the State

Resolved That we cordially approve of the building of such road and wish never the time shall come for not one we will be [illegible] to [illegible] the same

Resolved That we hereby pledge our influence and energies to the execution of such a work and will use all honorable means in pushing forward the work to a speedy completion

Resolved That we will attend the Mass Meeting to be held in Bangor on the 26th inst, and cordially invite all our fellow citizens then assembled to the most practicable plan for carrying forward the enterprise

Mr Randall made a motion to strike out the words from Bangor in the first resolution reported by the committee but the motion was considered out of order by the Chair

Voted That the doings of this meeting be published in the papers in Bangor Ad

ASA SMITH, Chairman

Proposals for Stamps.
POST OFFICE DEPARTMENT
January 16, 1851
PROPOSALS will be received at this Department until the 4th day of March next for furnishing stamps for the use of the post offices in the United States for four years from the first day of April next when ordered by the Department of the following description viz
The name of the office and State in circular form cut from a solid block of hardened steel and made in such manner as to admit of letters and figures to be set in the form of the day with a thumb screw to keep the letters and figures in place—Such stamps and the letters composing the same, to be of the same size as those now manufactured and in use. A lined mahogany handle of the same size to be securely fastened to said stamp. The months of the year abbreviated so as to contain but three letters each of the names now in use and to be cut from solid blocks of hardened steel. Figures for the days of the month, from 1 to 31 inclusive, to be made of like hardened steel, and of the size last ordered.
Also stamps with the words, paid and free of the form of those now in use.
Also stamps with figures denoting the rates of postage, and similar to those now in use.
Also the above stamps to be made of hardened steel.
The proposals must also contain separate bids for the circular stamp with the months and figures
Also for each separate piece containing the month complete in one piece
Also for each separate piece containing the days of the month
Also for complete sets of months and figures
Also for each separate piece with the words paid and free
Also for each separate piece with the figures denoting the rates of postage. The making of the different sets will not however be given to different contractors, but the proposal for the whole which is deemed most favorable to the Department will be accepted. The Department reserves to itself the right to reject all proposals if the price is deemed extravagant
Specimens of the various kinds of stamps required can be seen at the appointment office of the Department

THE

Great American Remedy

FOR Colds Coughs and Sore Throat, Croup, and all diseases of the Throat and Lungs has now been so long before the public, and its reputation so well established both from recommendations of Physicians and from the invariable testimony of unfailing virtues by all who have used it, *that there is no longer any necessity to go and* it must very naturally supercede the use of every other article, and one hundred complaints. As a family medicine, it can never be outdone. In double the usual dose it almost invariably vomits the child in the first stages of croup, and relieves and cures it loosened and quiets it loosened stately. For quite a number of years it has been the favorite and universal remedy in all the cases named of one of the most celebrated and skillful Physicians

Sold wholesale and retail by D K HARDY at No 3 Harlow Block Hallowell, and by Druggists generally throughout the country. All orders will be promptly attended to n 15

ELEGANT AND INDISPENSABLE Articles for the Toilet

Boyle's Hyperion Fluid

For Purifying the Breath and Preserving the Teeth

Boyle's Hyperion Fluid

For Purifying the Blood and for the Cure of SCROFULA SCROFULOUS TUMOURS ULCERS

The following Certificate from Dr. Wm. Lewis of Boston is but one of the many which we have in our possession, and which we will show to any person who may call at our office. We have no interest in the sale of any article we recommend, but we feel it our duty to call the attention of the afflicted to the fact that there is a remedy for Scrofula which will cure it.

Mr. Wm. Lewis—Dear Sir: The Sarsaparilla you got for me has been extensively used by my family and they give it the highest praise. Every one who has taken it has been benefited by it. It has done wonders for Mrs. Boyle, and I am satisfied it is the best remedy for Scrofula ever discovered. I have also used it for myself with the most satisfactory results, and I am confident it is the best blood purifier ever compounded.

Yours truly, JAMES BOYLE

Boston, November 1, 1859.

I, the undersigned, certify that I have been afflicted with Scrofula for many years, and have tried many remedies without effect, until I was induced to try Boyle's Sarsaparilla. I have taken two bottles, and am entirely cured. I am now in the enjoyment of health, which I had despaired of ever obtaining. I am willing to answer any inquiries in regard to my case.

Yours truly, MARY ANN BOYLE

Boston, November 1, 1859.

Boyle's Sarsaparilla is for sale by all Druggists throughout the country.
